

PROFILE SUMMARY

Computer Science enthusiast enjoying to constantly learn the new trends of technology and having an in-depth knowledge of software development, Data Analysis, Artificial Intelligence and Machine Learning concepts. Completed few projects and working on some to physically apply my skills and knowledge. Doesn't like to sit idle and give attention to details as of what's required and prioritizes tasks accordingly in order to be on time.

EDUCATION

B.Tech [CSE]	Sharda University	7.6 CGPA	[2022-2026]
Intermediate	Maharana Pratap Education Centre	90%	[2020-2021]
High School	Maharana Pratap Education Centre	95%	[2018-2019]

PROJECTS

Project Title – Explainable Attention-Enhanced Deep Learning for Alzheimer's Detection (March 2025 – Ongoing)

- Working for the development of an AI & ML model for accurate Alzheimer's detection.
- Transformers, Attention mechanism, Explainability, Python
- Currently trying to completely implement the concepts of Deep Learning and publishing a journal paper for it.

Research Title – Enhancing Socio-Economic Development Through Digital Literacy (October-2024 – March-2025)

- Certificate of Appreciation from conference for presenting the research paper consisting of the framework for a digital education medium fulfilling the basic literacy needs and working with basic requirements.
- Node.js, MongoDB, HTML, CSS, JavaScript .
- Gained the experience of how to work towards a formal research paper and how to extract basic needs of people by physically visiting the Namauli village, Greater Noida.

Project Title – Driver Drowsiness Detection using Machine Learning (October-2023 – July-2024)

- Communicated a research paper including the development of a model for live detection of drowsiness while driving.
- Python, HAAR Cascading, CNN-model
- Learned how to work with towards the development of a full-fledged Machine Learning project along with the team members.

INTERNSHIP

YBI Foundation | Internship Trainee (May-2024 – August-2024)

- Worked in a group of two in order to complete assignments and projects assigned to us by our trainer.
- Python, Anaconda
- Completed two projects and learned how to communicate and work in group, with seniors.
- Internship completion certificate in Artificial Intelligence and Machine Learning.

SKILLS

Programming: - Java, Python, HTML, JavaScript, Dart

App Development: - Flutter

Data Analysis: - SQL

Tools: - Anaconda, VS Code, Android Studio, Octoparse

Concepts: - Artificial Intelligence, Machine Learning, Data Analysis, Web Development, App Development

Soft Skills: - Problem Solving, Creative Thinking, Active Listener, Time Management, Collaboration

ACHIEVEMENTS

- Award of Completion Java Programming – English – Oracle Academy, April 2025
- Education for Sustainable Development – NPTEL Online Certification, February-April 2025
- Award of Course Completion Database Programming with PL/SQL – Oracle Academy, November 2024
- Corporate Social Responsibility – NPTEL Online Certification, July- September 2024
- Certificate of Completion Build Responsive Real World Websites with HTML and CSS – Udemy, October 2023

CO-CURRICULAR/ EXTRA CURRICULAR ACTIVITY

• Summer Bootcamp

Sharda University, 2025

Training for data science and DSA. Pushed a capstone project on GitHub marking the use of the knowledge gained.

• Chorus 2K25 – Volunteer

Sharda University, 2025

Certificate of Appreciation for working as a part of ER team for managing the 3 day event.

• Exuberance-24 – Participant in Exotic Art(Chehre Pe Chehra)

Allenhouse Group of Institutions, Rooma, Kanpur, 2024

Certificate of Achievement for winning the Face Drawing competition.
